Title: IMPROVED BATTERY WITH  
STRENGTH INDICATOR

Group Art: 114

Hon. Commissioner of Patents and Trademarks  
Washington, DC 20231

Sir:

AMENDMENT

Please amend the subject application by  
adding an Abstract of the Disclosure as follows after  
the claims:

Abstract of the Disclosure

C/ A battery strength indicating and switch  
means on a battery which is coupled across the  
terminals of the battery and which is provided with an  
indicating means to indicate the strength of the battery  
and in addition, the battery strength indicating means  
is also provided with an in-line switch which can  
easily be depressed to complete the circuit so as to  
place the indicator means across the terminals of the  
cell and display the charge of the battery.

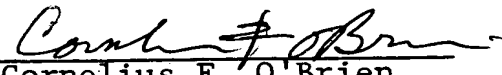

REMARKS

1/10/90  
Upon review of the application, it was noted  
that an Abstract had never been filed with the original

application. To correct for this inadvertent error, an Abstract is contained as above wherein it describes the invention as expressed basically in the broad independent claim.

Respectfully submitted,
